TRACE'S STORY Trace Daniel Bulger (Jul 19, 1996 – Oct 23, 2019)

Previously, Trace was a healthy and impressive student, athlete, artist, poet, and disciple. In most of his pursuits, Trace was recognized as a leader. A young man gifted with many talents and big plans for the future. He was strong and principled, as well as compassionate and personable. Others gravitated towards Trace and he thrived when others were counting on him.

Trace's first name means: courageous, the battler, or brave. He spent the last 4 years of his life in a fight against an undiagnosed degenerative brain disease. Trace lost the ability to speak, write, walk, eat, and other motor functions used in daily living activities. He faced this illness with bravery, dignity, and faith. Now and forever, Trace will battle for his friends and family to join him in heaven.

Trace Bulger Foundation

Dedicated to joyfully remembering and celebrating the life and goals of Trace Bulger.

ABOUT US

In June of 2019, friends and family of the Bulger's held the first Trace Bulger golf outing event to assist the Bulger family with medical expenses and Trace's ongoing needs. The outing was a great success!

In 2020, the Trace Bulger Foundation (TBF) was officially registered as a non-profit organization and received 501(c)(3) tax exempt status for charitable organizations. The TBF has now turned its attention toward the community reflective of Trace's own personal life and goals.

While struggling with early disease symptoms, Trace attended the Horizons Leadership Summit in the summer of 2016 in which he kept a journal. In this journal he wrote: "I want to do great things in order to help my community" ... and impress the world "as a man who loved, served, and led his community."

This past year, the TBF has been helping our community by establishing the annual Trace Bulger Memorial "Fruit of the Spirit" Award Scholarship at Guerin Catholic High School, supporting individuals with brain disease or injury through the IU Creative Arts Therapy program at the Neuroscience Center in Indianapolis, and kicking off the "Kindness Bag" Program. You can read more about these initiatives by visiting our website: tracebulgerfoundation.org.

Through continued efforts of generous individuals and sponsors, TBF will continue to evolve as a community leader serving many people and causes. Thank you for your love, prayers, and support as we honor the inspiring life of Trace.
